# CREATING IMMERSIVE & INSTRUCTIONAL EXPERIENCES USING THINGLINK

FEBRUARY 7, 2024. 10AM–11:30AM DSL CLASSROOM

Looking for new ways to generate immersive content or instructional materials for collaboration or training?

Join us for a workshop to learn how to use **ThingLink** to create virtual walkthroughs and content using mobile devices, infographics and cameras.

MSU community members will have the opportunity to sign up for **ThingLink** accounts to use this technology at no cost. Use of a web browser and familiarity with taking panorama pictures are required skills for this workshop.

DIGITAL SCHOLARSHIP LAB
