WHAT IS A QUARANTINE ZINE?

What is a quarantine zine? It's a small book about documenting your life during the pandemic and creating something you can share with others.

GET EXCITED

Get excited about zines! Zines are short for magazine. They can be anything you want, as many pages or any size. We choose this style because it is easy to photocopy, scan, and share.

GET INSPIRED

Fill your zine with topics about your life during the pandemic. You could make a comic, a poem, a collage, new recipes, or other things you've learned during quarantine. Scan the QR code for more ideas!

SHARE YOUR CREATION

Share your zine with us! Come to our maker meet up on Tuesday, January 26th from 4-5pm. You can also donate your zine to the library special collection, or share your zine with us on [Instagram](#) or [Twitter](#) @MakeAtState. We can't wait to see what you create!

LOOKING TO MAKE MORE ZINES?

HOW TO MAKE A THREE-FOLD, ONE-CUT BOOK:

STEP 1:

Fold paper in half the long ways and unfold.

STEP 2:

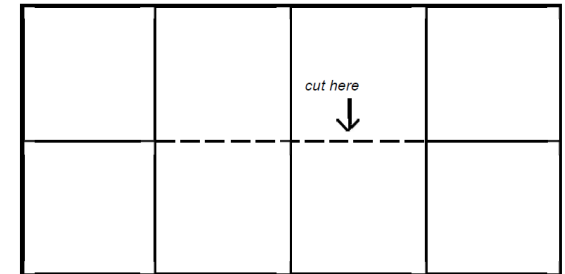

Fold in half the short way. Unfold and fold each short edge to the middle fold. Unfold and there will be eight squares.

STEP 3:

Cut along the long ways fold between the middle two squares.

STEP 4:

To make the book, fold long ways, then gently push ends together, allowing the middle (where cut) to spring apart. Then fold together to form the book.

NOTE:

This structure has all of its pages on one side of the sheet of paper, which makes it very easy for printing or photocopying.
